Notice of a Draft Air Construction Permit

PUBLIC NOTICE #17-030-CM-C

COMMENT PERIOD: Public Notice will begin on **June 13, 2017** and will end at close of business, which is 5:00 p.m. on **July 12, 2017**

**Work Space Projects, LLC
Ridgeville Industrial Campus
US Highway 78
Ridgeville, South Carolina 29472
(Dorchester County)
AIR PERMIT #0900-0116-CA**

Work Space Projects, LLC has applied to the SC DHEC for an air construction permit to construct a new facility. A draft permit and Statement of Basis have been written by the BAQ outlining this proposed project and applicable regulations. This permit will enable the facility to construct and operate in compliance with state and federal air quality regulations. The draft permit has not yet been approved and is open to comment from the public, and the United States Environmental Protection Agency (EPA).

Work Space Projects, LLC is proposing to construct a new die casting facility. Emissions generated by this facility as a result of the proposed project will include Volatile Organic Compounds (VOCs), Particulate Matter (PM), Particulate Matter less than 10 microns in diameter (PM10), Particulate Matter less than 2.5 microns in diameter (PM2.5), Carbon Monoxide (CO), Nitrogen Oxides (NOX), Sulfur Dioxide (SO2), and Hazardous Air Pollutants (HAPs). If this permit is approved, federally enforceable facility-wide limits of less than 10 tons per year of any single HAP, and less than 25 TPY of any combination of HAPs will be established with this permit, thereby enabling the facility to be below Title V major source thresholds. Additionally, federally-enforceable emission limits of less than 10 TPY of any single HAP, and less than 25 TPY of any combination of HAPs, will be established, thereby enabling the facility to remain below applicable Maximum Available Control Technology (MACT) Standards as defined by Title 40 of the Code of Federal Regulations, Part 63, National Emission Standards for Hazardous Air Pollutants for Source Categories.

If approved, and upon issuance of the draft construction permit, the facility may obtain a Conditional Major Operating Permit from the BAQ with no additional public comment period, unless a significant change in the original construction permit has occurred. All emissions limitations and conditions in the draft construction permit have been written to ensure that this facility operates as a Conditional Major Source.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by the end of the public notice period listed above, to Ruthie Hall at the above DHEC address or by e-mail at hallmr@dhec.sc.gov. All comments received by the end of the notice period, will be considered when making a decision to approve, disapprove, or modify the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Ruthie Hall at the above DHEC address or by e-mail. If a public hearing is requested and scheduled, notice will be given thirty (30) days in advance. If you have questions concerning the draft permit, please contact Wanda Parnell at the phone number listed above. A final review request may be filed after a permit decision has been made. Information regarding final review procedures is available from DHEC's legal office at the above address or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through the end of the notice period listed above, at the DHEC Columbia Office listed above and at the following location:

SC DHEC, Low Country, Charleston BEHS Office, 1362 McMillian Ave. Suite 300, Charleston SC 29405.

Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents may be requested in writing to the Freedom of Information Office; fees may apply. Please bring this notice to the attention of persons you know will be interested in this matter.

This public notice, along with the draft permit and statement of basis, may be viewed through the end of the notice period on DHEC's website at: <http://www.scdhec.gov/PublicNotices/>.
